**STATEMENT OF INTERVIEW SUBSTANCE**

During the interview, the Examiner indicated that allowance was not yet foreseeable. In fact, in connection with the allowable subject matter of claims 11 and 12, the Examiner indicated that he had uncovered a new reference (U.S. Patent Publication 2002/0082060 to Kang). The Examiner asserted that this reference disclosed the timing that is set forth in claims 11 and 12, and that these claims could no longer be seen as being allowable as a result.

The Examiner directed applicants attention to page 22, lines 10-21 and page 28, lines 11-19 of the originally filed specification, indicating that this may form the basis of further claim consideration. The Examiner invited the Applicant to submit a further claim amendment proposal and that this would be considered.
